

In the tradition of Sangean offering you more radio options we present to you a larger, but still portable, TV Radio. It features both a built-in speaker and a set of built-in retractable ear buds for silent listening.

This stylish design is great for people who share workstations, offices, or even vehicles! It stows away quickly and still provides legendary Sangean sound. Runs on 2 'AA' batteries (not included). Includes. Carrying pouch.

DT-220V
